

## Our Story

The iconic grounds of Yungaba, where Medley is today located, had served for many years as an Immigration Centre. Yungaba was constructed in 1887 and provided shelter to countless immigrants who decided to make Queensland their new home.

So as to preserve the rich history of the site, at Medley we feel it is our duty to provide a renewed place for cultural exchange, this time through food. Migration gave Australia a great gift; diversity of culture and cuisine. New ingredients, different cooking techniques and exotic spices introduced to the island continent have made for an exciting culinary evolution. At Medley we celebrate this great gift of cultural exchange through our 'World Inspired Food' and warm hospitality.

## 'World Inspired Food'

Our World Inspired Food ethos is driven by a passion in diversity of cuisine and harmonious flavours found in many regions throughout the world.

At Medley, we offer many classic and delightfully interesting dishes from the four corners of the globe. This is complimented by signature exotic dishes, equally inspired by the various continental foods and the abundance of fresh, quality local ingredients that we are blessed with in Queensland. All our dishes are cooked to order using the freshest ingredients, with no added food chemicals or preservatives and we actively pursue the use of organic or free-range products, as much as possible, to ensure a most nutritious culinary experience.

So let us take you on an exciting culinary journey in the comfort of our lovely home which we call Medley.

## Our Philosophy

*"Hospitality is the contemporaneous exchange designed to enhance mutual wellbeing for the parties involved through the provision of food, drink and accommodation."*

We believe in genuine and warm hospitality driven by the motive of duty to please others, deeply inherent in human nature.
